Northern Ireland Region & Northern  
Ireland Rural Valuers' Association**

ALA NI & NIRVA are pleased to invite you to the latest in their series of CPD events which will examine the new Electronic Communications Code which came into operation on 28<sup>th</sup> December 2017 and which includes a range of measures to make it easier for network operators to rollout infrastructure (such as phone masts, exchanges and cabinets) on public and private land which are wide-ranging and are of particular significance for network operators, landowners and occupiers.

David Wilson is a partner with Johnsons Solicitors with 18 years experience in commercial property specialising in telecommunications and renewable energy and is recognised as a leader in the field of telecoms by Legal 500.

We will also examine the current proposals for agriculture policy post Brexit in the United Kingdom, including the recent DEFRA consultation on the future for farming food and the environment, the application of policy across the UK and the role of the devolved administrations with particular reference to Northern Ireland and to agricultural advisers.

The speakers on this topic will be Jeremy Moody, CAAV Secretary and Adviser, and Ivor Ferguson, the President of the Ulster Farmers Union.

These talks will be followed by a Panel Question and Answer which will include the speakers and other experts on these and other current topics.

**Numbers are limited to 60 delegates and places will be allocated on a first come first served basis**

**Agricultural Law Association**

The ALA was founded in 1975 to provide a forum for professionals serving agriculture (lawyers, surveyors, accountants, bankers, farm business consultants and others) to support each other in their specialisms. Regional groups are an initiative to cater for practitioners at a local level, their purpose being to provide a source of continuing professional development for those in rural businesses and to encourage the development of working relationships by inter-professional networking. The Northern Ireland Regional Group which has been meeting since 2015 organises at least two CPD events every year and members enjoy a reduction in the fees for these which more than covers the cost of annual membership which is currently £90 per annum. Plans are already underway for members in Northern Ireland to see increased benefits from membership in addition to the preferential rates for ALA Northern Ireland Regional Group events.

**Northern Ireland Rural Valuers' Association**

NIRVA was established in 2012 as the professional association for agricultural and rural valuers in Northern Ireland and its members advise farmers, landowners, lenders, charities, government and others on a wide range of land and agricultural issues. It affiliated to the Central Association of Agricultural Valuers (CAAV) in 2015 and they have subsequently jointly published *Tenancies, Conacres and Licences: Arrangements for Occupying Land in Northern Ireland* and a model tenancy agreement for pasture. The CAAV is to publish a professional guide to the Electronic Communications Code.
