

GOVERNMENT 25-YEAR ENVIRONMENT PLAN & FUTURE OF FOOD, FARMING & ENVIRONMENT CONSULTATION PAPER

ALA MEMBER WORKSHOPS

Following publication of the Government's consultation paper on future of food, farming and the environment today (27 February), we are pleased to announce details of the workshop events we are holding for Members.

Each workshop event will look at the issues and opportunities that arise from the proposals contained in the Consultation Paper and the Government's 25-year Environment Plan and will be facilitated by members of the ALA Brexit Committee.

The outcome from each workshop session will then inform our formal response to the Government's consultation and we look forward to engaging with as many members as possible on this important piece of work.

We would like to thank those member firms who have kindly agreed to host our workshop events.
